LOCAL ITEMS.

Mr. Marion Paris of Leeds is in town this week.

Professor Porter Briggs, Anderson and Ward started for home Wednesday morning.

The town looks deserted now that the high school has closed and so many of the students have left for their homes.

Mrs. Martha McMullin and her brother Edward are among the visitors to F. N. Commencement exercises this week.

The report that all the fruit at Harmon was destroyed by the frost is not true. Apples and the hardest fruits are uninjured.

The Mr. Pleasant Pyramid is now printed on a new press and its appearance is very neat. We congratulate its management on the improvement.

Miss Eastwood has concluded to take a trip at the Dixie country before leaving this end of the state. She will go south with the stage last night.

When you want a pleasant physiotherapy Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect.

Thomas Williams came in Tuesday from the Lower Herd Mr. Williams has rented David G. Ballou's ranch for the present year, and intends to move his family up there.

The Panguitch Progress is authorized for the statement that the telephone line is being extended south from Mayavale, the intention being to go by way of Panguitch to St. George.

Wanted.

At Stateline Utah 3 or 4 four horse or 6 single teams to haul wood. Contracts given. Also 10 or 15 Wood choppers come or write to.

ROBERT E. CLARK.

Mrs. J. M. McArthur of St. George was in Cedar this week to consult Dr. Chamberlain in relation to her little child's teeth, upon which an operation was performed some months since. We learn that the Dr. considers the child's teeth to be in a satisfactory condition.

The Field day at the Branch Normal was spoiled by the interference of the weather man Wednesday afternoon, who being an antiquated sort of fellow did not understand the program, and sent rain instead of sunshine. Mistakes will happen in the best regulated families.

Dr. Donald McGregor patronized our job office this week for some stationary in his line. If he does not be careful he will be drawn into subscribing for the paper; in fact it is our opinion that he would have fallen a victim to this some time ago if he had only had time.

A number of young ladies from St. George are in Cedar this week to see the "Commencement exercises" of the Branch Normal, Misses Tillie Foster, Zillie Brooks, Vilate Andrews, Mattie McArthur and Emma Macfarlane are some whose names we have learned and if we could find out who the rest are we would tell you.

Items of Interest.

News comes from D. H. Turner, a Druggist at Denpsestown, Pa. that Dr. King's New Life Pills are the best seller in his store. After using them himself he says, "They are truly great actual experience convinced me. Everybody wants them for Constipation, Stomach and Liver troubles. See at J. H. McDonald's Drug Store."

Mr. Joseph T. Wilkinson Jr., one of the proprietors of the Record, and president of the Branch Normal Alumni Association came up from St. George last Saturday to deliver the opening address at the annual meeting of that organization. Mr. W. reports every thing serene at the Temple city, and informs us that Editor C. S. Wilkinson of the Advocate, has bought a Kodak and is taking snap shots at his subscribers, while his partner holds them down with the paper.

GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C. had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured."

Electric Lights.

Mr. Charles M. Lang who is a practical electrician is in our city for the purpose of putting in an electric light plant and supplying our people with electric light in their homes and business houses. We had the pleasure of talking with the gentleman, who by the way appears to be just what he represents himself to be, a practical man. Mr. Lang proposes in consideration of the granting by the City of suitable ground upon which to place his machinery, in the Eastern part of town, and the right of way along the streets for the poles needed in the business, to immediately proceed to install an up to date steam plant with a capacity sufficient to supply the requirements of all reasonable growth. One other condition is necessary and that is that 400 lights should be either subscribed for or assured. The price of these lights will range from 75 cents to 40 cents per month, depending upon the number of lights taken in any one building. In a general way we are opposed to the granting by our city of any franchises to private individuals or to private corporations for these public utilities, but under the circumstances, particularly in view of the fact that Mr. Lang will obligate himself to sell the business to the city on reasonable terms to be specifically stated in the contract, when they are prepared to purchase, it appears to us that it would be a good idea to embrace the opportunity. As we view it the right thing to do would be for the council to get a definite understanding of the matter, which should be in writing, and before closing the deal call a meeting of the citizens and give them an opportunity to vote on the measure. The main difficulty will be to find takers for the 400 lights to be disposed of.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon.

We are sorry to learn that the Kanab Clipper press is broken. We have been wondering what had befallen our neighbor of Kanab for the last few weeks, and were fearing that it had broken down so fatal to country newspapers. But we learn from a private source that the cause of its non-appearance, is due to a broken press. We hope that this will be remedied soon and it will again make its welcome appearance among our exchanges.

Mr. Joseph Pomerville, of Still water Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, M. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man to-day. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. Price 25 cents per box.

Sensation.

There was a big sensation in Tecumseh, Ind. when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma but your 'New Discovery' gave me immediate relief and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00 Guaranteed by J. H. McDonald Druggist. Trial bottle free."

The Salina Sun which has been absent from our office for a few weeks is again here. We were just on the point of writing to the Doctor to ascertain what had happened when we were spared the labor by its welcome appearance. We are sorry to learn that the editor's illness has been the cause of the eclipse. The Doctor will pardon us for suggesting that it is time that he was initiating one of his "Kids" into the business, so that in case of his sudden taking off we may not be deprived of "The Sun."

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Snyder of Patience Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'Give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'"

A very interesting operation was performed in the removal of the bullet from the foot of Mr. Alfred Smith who as we mentioned in our last issue shot himself some days since. The surgeon found it difficult to locate the bullet, and finally had recourse to the famous X Ray system of photography in order to find it. A photograph of the wounded foot was taken by this system, and upon examination of it a dark spot could be discerned about two inches nearer the toes than the spot where the bullet entered the foot. An incision made in the sole of the foot over the spot, revealed the missing projectile, which it had splintered in going through.

CORRESPONDENCE.

Summit Sumups.

May 27, 1903.

The farmers are elated over the showers that have fallen lately.

We are pleased to welcome our students home again for a short time.

After a long absence from her native town, Mrs. Hannah Sadler is visiting relatives here.

The Summit and Enoch boys, regardless of the busy times ahead of J. H. Dalley's sheep at the Pass pens last week.

Mrs. Thirine Dalley and her two daughters, Ida Hulet and Lillian White, left for Salt Lake City this morning. They will attend conference and visit relatives.

Elder Heber Dalley, who has been taking a missionary course at Provo, received a call for a mission to the south western state. He is to leave Salt Lake City on the tenth of June but will visit at home until then.

Paragonah Pointers.

May 27th 1903.

Two of the young ladies gave very good talks in meeting last Sunday.

Assessor Topham and family have deserted us for a time in order to visit relatives in Salt Lake city.

The students from this place who have been attending the Beaver Branch of the B. Y. A. returned home last Saturday all in good health.

Congratulations are in order to Bro. Benjamin Watts who returned from St. George last Sunday, where he has been to take unto himself a wife.

Our respected fellow townsman Mr. S. P. Horsley whom we hoped was recovering from the severe attack of rheumatism which has afflicted him for some time past, is again confined to his bed.

Parowan Promptings

May 27th 1903.

Lovely weather this afternoon after the storm.

Uncle John Eyre and family are traveling North to their new home.

President Roosevelt hit the West, and quite a number of our citizens have gone to "Zion" this morning to do him honor.

Your correspondent is informed that Mr. James Ollerton had a serious attack of rheumatism of the heart yesterday and Dr. McGregor had great difficulty in keeping life in him.

Entertainment Postponed.

The primary entertainment which was advertised to take place Thursday night, and was postponed till to night, has been indefinitely postponed. The organist who has been training the children, left for Salt Lake City, and time was too limited to get any one in her place.
